Gold Medal Poppers

Where taste and performance meet.

When it comes to popping corn, you need a machine that is safe to operate and easy to clean, but also delivers the absolute best-tasting popcorn. Our family of machines simply pop corn better, and here are just a few of the reasons why.

E-Z Kleen Kettles – These signature kettles feature long-lasting performance, low maintenance and a stainless steel cook surface, popping great-tasting popcorn every time.

Stainless Steel Kettles – A stainless steel cook surface with an aluminum heat diffuser produces better popcorn. Stainless steel kettles last years longer than chrome-plated ones. Stainless steel kettles are available in 6, 8, 12/14 and 16/18-oz. machines.

Fire Suppression – Avoid costly vent hoods and fire drops, and ensure the highest level of safety with our industry-tested Fire Suppression System. Ideal for theaters, arenas, stadiums and more, it's value-priced for complete installation and setup.

Twin-arm Kettle Suspension – All our kettles feature double-hung, twin-arm kettle suspension, maximizing operator safety and preventing accidental spills, as well as providing the ultimate in cabinet working room.

Electronic Heat Control – Big Eye Electronic Heat Control takes the guesswork out by automatically monitoring the heat for more precision and control. A patented Gold Medal original, it's available on everything from 16-oz. poppers up to the 52-oz. workhorses.

Brute Force Motors – Larger, more powerful motors are what set Gold Medal poppers apart. From the smallest individual popper to the largest professional model, Brute Force Motors deliver up to 50% more power than the competition.

PopClean® – Only PopClean® removes virtually 100% of all oil vapors, steam and smoke, while still allowing that one-of-kind popping aroma to fill the air and entice customers. It's simply the finest clean-air discharge option on the market.

Flexipop® – It's a two-in-one for double the productivity and double the value. Perfect for popping half batches during non-peak times, flip the switch and Flexipop® turns into a powerhouse able to pop twice as much corn every three minutes for those high-volume demands.

Uni-Maxx® – When you see the Uni-Maxx® name, you know you're getting the unified kettle and heat element, which works with the lowest possible energy consumption while providing the maximum in popping capacity.

PowerOff™ Control – When it comes to safe operation, count on our unique PowerOff™ Control. Available standard on a variety of models, or as an added safety option, it automatically turns off your kettle's heat after 15 minutes of idle use.

Safe popping is paramount!
PowerOff™ Control automatically switches your kettle heat off if it is idle for 15 minutes.

PopClean® – changing the world, one popper at a time.

The world's most irresistible popcorn aroma is only from a "clean air" high-capacity popper – and only from Gold Medal. Only Gold Medal offers the world's No. 1 integrated "ductless hood" popper to trap and filter the steam smoke and oil vapors created during the popping process, so only that one-of-a-kind popcorn fragrance permeates the air.

PopClean® Control Panel

Rule the popping process! The PopClean® control panel gives you the power to select popping options (Flexipop®, Salt/Sweet), monitor filter performance plus control the lights, motor, oil system and kettle heat.

PopClean® Filter System – it's just smart.

Hands down, it's simply the smartest, up-to-code filter system on the market. Using three major filters, every PopClean® popper meets the increasingly strict requirements of public venues, such as theaters, auditoriums, stadiums and arenas. Our filtration system with integrated Fire Suppression eliminates any need for a third-party hood above the popper. The PopClean® Fire Suppression system is ETL approved to Standard 710B.

L PopClean® Poppers*

Want high capacity customized to your needs? The right PopClean® machine is waiting for you, specifically designed to produce the very best tasting popcorn using the industry's best filtration system. Available in two kettle capacities and three cabinet sizes, the choice is yours. Downdrafts are designed for low ceiling heights.

Popcorn Improvement

1 The 2-in-1 Flexipop®

An 18-oz. and 32-oz. popper in one! The world's first two-in-one popper, Flexipop® lets you pop 18 oz. on slow days and 32 oz. on busy days with a mere flip of a switch. The electronic brain adjusts the flow of oil and the watts applied to the cook surface. Available on Pop-O-Gold, Grand Pop-O-Gold, Medallion (52 and 32 oz.) and Twin Grand Pop-O-Gold (on one kettle).

2 Salty or Sweet?

Feeling sweet or salty today? Our patented sugar or salt popping cycle option makes everyone happy, automatically adjusting the kettle popping temperature to avoid burning. Also switches from kettle corn to regular. Available on a variety of poppers.

3 LED Lights in Domes

Your star-quality popcorn deserves a spotlight! With our new LED lights in domes and interiors, you'll benefit from brighter, more beautiful and energy-saving lights.

4 BIB Oil Level Sensor

The sensor that checks your oil for you. The BIB Oil Sensor clearly displays the oil level by the popper controls so you always know how much is left in the Bag-In-Box. The BIB sensor is only available with Pop-O-Gold and Medallion poppers.

5 Kettle Guard

Our motto is "safety first." That's why we offer this patent-pending product design that dramatically improves operator safety by preventing kettle burns.

6 Top Hat Kettles for 32-oz. and 52-oz. Poppers

Expand your popcorn limits! Top Hat Kettles have taller lid assembly, creating 30% more space for expansion. The counterbalance weight system is similar to Cornado lids.

Popcorn

Cornado

The heavyweight champion of the popcorn world – it's a hard-working popping machine.

O 60-oz. Cornado #2297E

Ready to make it big? Perfect for large productions, the largest kettle in the Gold Medal line delivers an astounding 75 lb. of popcorn every hour. This 60-oz. model also features the streamlined heated oil line kit and runs on a 50-amp line. Available in right or left-hand dump, and 120/208-V or 120/240-V, 60 Hz.

P 36-oz. Cornado Popper #2167ED

All the benefits of a Cornado kettle, but in an enclosed cabinet.

Q Twin 48-oz. Cornado with LED #2241EDN

This popper packs 190 lb. of brute force – that's some serious torque kettle drive from one special popper. Standard features include BIB, Big Eye Electronic Heat Control, deep well capacity and reversible dome, plus an improved pedestal to keep components cool and enhance performance. Warmed oil delivery tube also prevents congealing in the line.

See charts beginning on page 32 for sizing and additional details.

R 60" Arena/Stadium Cornado*

#2139E 36 oz. (Shown)
#2227E 48 oz.

Want to win the crowd? It's easy with the mouth-watering, influential aroma produced by the open-top Cornado! Available in either 36-oz. or 48-oz. models, these 67" arena poppers really please with dependable popping oil delivery. For oil dispensing choose either #2257 BIB Oil Pump or #2114E Bucket Pump Accumeter.

Also available in 48":
#2226E 48 oz.
#2128E 36 oz.

*All Cornados require four-wire 115/230-V service. Export requires five-wire 230-V, 50 Hz service.

S Twin Maxi Popping Plant

#2220E 36 oz.
#2233E 48 oz.

High-volume operators and professional concessionaires rely on it – the twin setup means twice the quality corn in half the time. Both oversized 36-oz. kettles are chrome-plated, ensuring long-lasting durability while providing more corn expansion with fewer fall-outs. Easy to serve from or to store clean corn, this twin powerhouse includes a Cornado base and BIB pump.

T Go Anywhere Oil Pump with Door

#2257GA Oil Pump
#2257GAD for Salt/Sweet & Flexipop®

Now you can take your hot oil on the road. This versatile oil pump on wheels is perfect for high-volume popcorn plants or when popping away from your home base. With the capacity to hold two 35-lb. Bag-in-Box units, the pump preheats the oil through an external tube so it is ready to go when – and where – you are.

U The 48-oz. Cornado II*

#2258E Right-hand
#2258EC Right-hand Compact**
#2258EL Left-hand
#2258ELC Left-hand Compact**

Consider this the blockbuster sequel to the now-famous Cornado! With a totally reengineered kettle, the Cornado II takes full advantage of the Big Eye Electronic Heat Control. This 48-oz. popper features a high-temp kettle bottom that is nonstick and easy to clean, plus a Lock 'N Pop kettle lid and deeper well. Options include right or left-hand models, standard or compact.

Also available, 36-oz. kettles (industry's largest cook surface):

#2149E Right-hand
#2149EC Right-hand Compact**
#2146E Left-hand
#2146EC Left-hand Compact**

Or 28-oz. kettles:

#2112E Right-hand
#2112EC Right-hand Compact**
#2104E Left-hand
#2104EC Left-hand Compact**

*For all models, oil pump not included.

**Compact units require a center cutout.

V

W

A signature Gold Medal feature you can't afford to pass up.

Increase your productivity and maximize your space by adding a Pass-Through Option to your Cornado, allowing your popper to be located on an island and operated from both sides.

V Bag-in-Box Preheater #2262

Keep things moving, ready and hot with a preheater that warms four boxes at a time. A great versatile solution for a backroom concession stand, it's ideal for large-volume locations. Also available, #2271 Door Installation Kit.

W Enclosed Cornados

- #2167EDNP 36 oz. (Shown Above Left)
- #2229EDN 48 oz. LED (Shown Above Right)

The choice is yours – and so are the options. Enclose your favorite Cornado popper, and then add customized options like LED, Pass-Through and cabinet size to turn your popping operation into a personalized profit-making success.

Build Your Own

NEW

Production System – it's easy!

For True Entrepreneurs

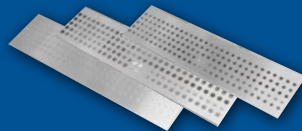

Gold Medal's new and convenient Build Your Own Production System gives you the power to design your own fantastic profit-enhancing business machine. Tailor it to your exact product, production and output needs – it's easy to get started and make it your own.

1. Start with selecting your table size: small, medium or large (see table on opposite page for reference).
2. Determine your popper style: single or twin popper, single corn treat or popper/corn combination (see table on opposite page for reference).
3. Select your ideal popper: 36 – 60 oz., right/left-hand dump, Salt/Sweet, domestic/export.
4. Choose your oil system: Bag-in-Box, bucket/pail, domestic/export.
5. Decide which Corn Treat Cooker Mixer features are right for you: 5 or 10 gal., right/left-hand dump, domestic/export, digital display.
6. Last, include any extra profit-enhancing features: Karmel Kool or Filter System options.

Standard features:

1. Pans are heavy-duty, low-friction UHMW guides
2. Pan insert allows 5/16" or 7/16" popcorn screening holes or no holes for caramel corn
3. Heavy-duty welded construction
4. Pull-out corn storage bin (holds 50 lb.) on heavy-duty slides

All-in-One Corn Pan – Standard on all models, this variable screening feature lets you produce a number of products. The solid pan is perfect for caramel corn, the small-holed pan is ideal for butterfly popcorn, and the large-holed pan works wonders with mushroom popcorn.

Karmel Kool – This forced-air cooling system increases your production time for faster, fresher corn. Call for details.

Filter System – Allows you to have a filter system above your machine.

A Popcorn Topping Dispenser

#2494

Timing is everything. This small dispenser holds one 19-lb. bag of product, but includes a push button that can be used manually or easily set to release topping on a timed cycle. It also features an LED sign, peristaltic pump and flow control.

NEW

B Automatic Popcorn Topping Dispenser

#2499A

Hands-free keeps things clean and easy. This automatic dispenser has an infrared beam that guides the dispenser to release topping when it "sees" popcorn. Holding one 35-lb. bag of product, it includes an LED sign, a diaphragm pump and manual push button. Also available, #2499 Manual Push-button Only Dispenser.

G

C Buttery Topping Dispenser

#2195

A dependable favorite with a classic push-top pump, this dispenser makes easy work of adding buttery flavor to any container of corn – bringing any concession stand that “just like at the movies” feel.

D Deluxe Butter Dispenser

#2395NS

That’s entertainment! An industry favorite, this high-quality dispenser includes both front and rear illuminated signs. With an improved pump and taller opening for larger containers, it’s the perfect accessory for front counters, back bars or remote locations.

E Bag-in-Box Counter Model Topping Dispenser

#2496

It’s all yours with just the push of a button. For easy self-service or behind-the-counter dispensing, this high-capacity unit uses a forced-air heating system to keep your topping hot. Fits one 35-lb. or up to two 19-lb. cartons of Bag-in-Box buttery topping.

F Single-head Popcorn Topping Dispenser

#2396AC

Hot, hot, hot – that’s what you want your topping to be, for better flavor and easier dispensing. Designed specifically for operator-side use, this lighted dispenser features rack and controls that are enclosed in a stainless cabinet to keep your product warm and fluid. Under-the-counter heated tubing moves product directly up to the plate-mounted head (longer heater lines available for mounting far from dispensing head). Stainless base sold separately.

Also available:

#2396ADC Dual-head Two-Tower Dispenser

#2396AD Dual-head Dispenser

#2396A Single-head Dispenser

*Enclosed Cabinet Base sold separately.

G Popcorn Topping Dispenser with Rolling Base

#2495

Topping on the move! This lighted single-head dispenser comes with a rack and controls and makes fast work of topping while mounted on a versatile, movable black cabinet.

Also available:

#2495ST Single-head Dispenser with 20” x 28” Rolling Stainless Cabinet

#2397 Self-serve Dispenser with Rolling Base

*All items sold separately.

It’s all here –
red-carpet quality,
operating ease and
heavenly butter
flavor.

POPCORN

Plan the perfect popping spot – accessories tailor-made for faster service, fresher product and fantastic profits.

Popcorn Supplies

NEW

- A **Tastee Pop®**
#2763 (1-gal. jug, 4/case)
#2762 (50-lb.)
#2764 (35-lb. BIB)

Pop smarter, pop tastier! A newly blended and ready-to-use product, Tastee Pop® popping oil is our signature recipe of canola and coconut oils, perfectly harmonized for the best flavor and crispiest corn. Now you can pop without pause – this kosher blend is packed with diet-conscious essentials since it's gluten-free and dairy-free, with zero grams of trans fats.

Flavacol® Profit Maker Seasoning Salts

The World's Most Popular Seasoning Salt

Because Flavacol® uses the "Alberger Process," this salt is a finer flake, not a crystal. The result is more salt sensation – but with less sodium.

**30%
less sodium***

B Flavacol RS®

#2107 (35-oz. carton, 12/case)

Same great taste, same usage amount, but with less sodium! With 30% less sodium than our regular Flavacol®, it's a healthy choice.

Flavacol® is:

- A far better buttery flavor than any other brand
- Available in the original Profit-Maker Formula, Premier (without Yellow #5 or #6) or new Better Buttery (BB) taste
- Available in handy quart-size cartons (45-lb. pail or 50-lb. bulk pack)
- Gluten-free
- Featured in all Mega Pop® Portion Paks

Want to sell more popcorn?

Then Flavacol® is your secret ingredient! Worldwide, more popcorn is popped with Flavacol® Seasoning Salt than any other. The reasons are simple: the sophisticated "Alberger Process" removes trace minerals in salt that can lead to bitter taste, and the right blend of Yellow #5 and #6 brightens the color for maximum sales appeal. Most importantly, Flavacol® adds an even bigger, buttery taste, so vendors sell more popcorn and make more money.

Flavored Popcorn

The perfect-size tumbler for a 15-lb. tub of great-tasting #2403 Cheddar Classic® Cheese Mix!

A

A Mini Tumbler #2705

Gourmet cheese popcorn is now in reach! This compact tumbler works on the go at festivals and fundraisers or stays put for great sales at pools, bars and other retail hot spots. Simply heat the cheese, then pour it on the popped corn right in the stay-fresh container for gently tumbled, fully coated cheese flavor. It holds 2.5 gal. of corn with the lid off, and 4.5 gal. with the lid on.

B

B Cheddar Tumbler/Coater #2703

When it comes to tumblers, this one's the big cheese. Holding up to a whopping 8 gal. of popcorn, this gentle giant tumbles and mixes cheese corn with minimal breakage, but is lightweight enough to easily move and clean. With warmed cheese, cheese corn can be ready in under 10 minutes. Also available, #2707 20-gal. Mixing Bowl with 2" Handles.

See charts beginning on page 62 for sizing and additional details.

C

C Cheddar Easy Machine #2347

It's even easier than the name implies. In about two minutes, the motorized paddle easily and evenly coats 5 gal. of freshly popped corn and warmed #2391 or #2390 Cheddar Easy. Perfect cheese popcorn is yours with just a flip of a switch. Also available in export model.

D

D Cheddar Easy Shop Combo #2346

When it comes to production and promotion, this combo delivers a one-two punch. Use this 20" x 20" countertop mixer and display case to first expertly mix your cheese corn, then keep in on display and ready to sell. Mixer is mounted atop nonelectric cabinet.

E

E Flav-R-Tator Tumbler #2349

Shake things up, literally. With its motorized shaker, this big container makes the perfect 5-gal. savory corn batch from just the right mix of gentle tumble and complete coat.

A Auto Breeze Cotton Candy Machine #3052

Much like running on autopilot, this machine keeps things on target with automatic heat adjustment and cooldown features. Using a simplified single control, the auto cool prevents clogging and ensures perfectly adjusted voltage. Includes stainless steel cabinet, 26" aluminum floss pan and Whirlgrip Stabilizer. Also available with our patented #3052SR Lock-n-Go Handles for easy transportation.

#3052SR

Gold Medal Products Co. is proud to be associated with the agencies noted on the left. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

B Accu-Breeze Cotton Candy Machine

#3040

Accuracy is a must when it comes to the temperature and voltage of your cotton candy machine. With Accu-Breeze, this model maintains consistent voltage throughout production and automatically adjusts the heat. Features include a stainless steel cabinet, 26" aluminum floss pan and Whirlgrip Stabilizer. Also available with our patented **#3040SR** Lock-n-Go Handles for easy transportation.

C The Breeze® Cotton Candy Machine

#3030

It's a breeze to make cotton candy with this essential machine. Featuring a stainless steel cabinet and permanent floss head, The Breeze® also includes a 26" aluminum floss pan and Whirlgrip Stabilizer. Also available with our patented **#3030SR** Lock-n-Go Handles for easy transportation.

D Floss Boss® Cotton Candy Machine

#3024

New to cotton candy? This one is perfect for the novice who wants to take charge. The Floss Boss® is a full-size easy-to-operate machine that's priced low for initial investment. It also features solid-state heat control and a high-capacity spinner head, plus Whirlgrip Stabilizer and a **#42040NMR** Non-metallic White Pan.

E Mega Breeze Cotton Candy Machine

#3042

Take your cotton candy production up a notch! This mega machine produces 30% more than our standard **#3030** The Breeze®. It also features dynamic balancing for longer-lasting equipment and increased dependability. Includes permanent 7" floss head similar to single-ribbon tubular heating, plus 26" aluminum floss pan and Whirlgrip Stabilizer.

Gold Medal Breeze Floss Bands

The Breeze Floss Bands feature a precision stainless steel band, coupled with a multi-turn tubular heating element. The durable assembly is balanced to ensure smooth and reliable operation. When operating any floss machine with the Breeze Floss Band, always let the motor cool off the band for one minute after the heat is turned off. This simple step will prevent the molten sugar from clogging the slots in the Breeze Floss Band.

See charts beginning on page 75 for sizing and additional details.

K

**F Super Floss
#3038ED**

Supersize production, ultra-high output! With an 8" permanent floss head able to hold up to 3 lb. of sugar, this colossal cotton candy machine is ideal for high-traffic areas, stadiums or midways. It features constant digital heat – regardless of incoming voltage – as well as a stainless steel cabinet, oversized 29" aluminum floss pan and Whirlgrip Stabilizer.

**G Tornado with EMS and Voltage Booster System
#3005ED**

Your cotton candy needs a boost – and gets it in spades from the Tornado's heavy-duty motor, oversized brushes and huge auto transformer. Plus, it has a 7" floss head, built-in voltage booster and Energy Management System (EMS) to maintain consistent temperatures. Includes stainless steel cabinet, 26" aluminum floss pan and Whirlgrip Stabilizer. Also available, #3007 High-Output Tornado.

**H Original Tornado with Lotta Volts System
#3005SS**

While similar to the #3005ED Tornado with EMS, this simplified version features double transformers, one large fixed and one variable, enabling the system to either boost or buck incoming voltage in response to variations. Another perfect match for high-traffic or high-volume locations, it includes a stainless steel cabinet, 26" aluminum floss pan and Whirlgrip Stabilizer.

**I Super Floss Maxx
#3077**

Super cotton candy flavor meets maximum cotton candy production in this super model. Using a 15-amp line and 5" head, the 1/10 hp motor yields higher quantities of fluffy product per pound of sugar. Includes a Whirlwind band, stainless cabinet, aluminum floss pan and Whirlgrip Stabilizer. Also available at no extra charge, #42040NMR Non-metallic White Pan.

**J Twin Wind II® Two-Color Cotton Candy Machine
#3019**

The only one of its kind, this highly unique cotton candy machine has two spinning sugar compartments that allow for two-color production. Each compartment consecutively feeds into its heating element. Equipped with a stainless steel cabinet, 26" aluminum floss pan and Whirlgrip Stabilizer.

**K Accu-Floss
#3002**

The ideal machine for locations with possible fluctuations in voltage, the Accu-Floss automatically adjusts the voltage for maximum performance and safe operation. It's the perfect solution for mobile or rental locations. Features include stainless cabinet, aluminum floss pan and Whirlgrip Stabilizer.

Gold Medal Products Co. is proud to be associated with the agencies noted on the left. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

L X-15A Stainless Steel Whirlwind

#3015A

It's a true original and still setting industry standards even 50 years later. Delivering high output without high cost, the Whirlwind features a 5" head and the most dependable temperatures from its solid-state heat control and 1/3 hp sealed ball-bearing motor. Includes stainless cabinet, floss pan and Whirlgrip Stabilizer. Also available, **#3015AX** Export Model (230-V, 50 Hz).

M Tornado 200

#3005EMS

For this Tornado, the powerful EMS ensures superior control when it comes to variable temperatures and locations. A lightweight, easy-to-use model, this machine features a stainless cabinet, aluminum floss pan and Whirlgrip Stabilizer. Also available, **#3005XEM** Export Model.

N Digital Deluxe Whirlwind with EMS and Voltage Booster System

#3008ED

It's a triple play for this industry leader – the favorite of pros who like to create three-color floss. This Whirlwind has an easy-to-read digital control for setting – and maintaining – ideal heat and voltage, ensuring optimal output from its fixed transformer and 1/3 hp sealed ball-bearing motor. Includes a stainless cabinet, aluminum floss pan and Whirlgrip Stabilizer.

O Digital Super Breeze with EMS

#3033ED

The ultimate choice for making two or three colors of cotton candy, this machine is a superpower with its triple-wrapped tubular heating element, stainless steel band and permanent floss head. With digital controls that are simple to set and see, the Super Breeze ensures that your heat remains constant once it's set. Equipped with a heavy-duty stainless Whirlwind cabinet, aluminum floss pan and Whirlgrip Stabilizer.

P Stainless Steel Deluxe Whirlwind with Lotta Volts System

#3008SS

When it comes to cotton candy perfection, go deluxe! While it's ideal for making two or three cotton candy colors, this model's selling point is its high-precision heat control from two large transformers – one fixed and one variable. Other features include four brushes for longer brass life, aluminum floss pan and Whirlgrip Stabilizer.

Q Super High-Output Deluxe Whirlwind

#3009

Looking for more volume? This is where you find it. Leveraging .75" of extra space between the upper and lower floss band and ribbon assembly, this model is fully equipped with aluminum floss pan and Whirlgrip Stabilizer.

See charts beginning on page 75 for sizing and additional details.

R

R Mega Floss®

#3016

Get maximum production with minimal electricity from this cotton candy workhorse. A Gold Medal Flossugar

A must for all cotton candy makers, Flossugar is our signature blend of the most perfectly balanced sugar – not too fine, not too coarse, maximum flavor. With no messy mixing or sugar buckets, it's ready to use right from the box by pouring directly into the spinner head, and easy to change colors each time you add sugar.

*All Flossugar flavors also available in 50-lb. bulk.

How cool is this?

It's a fact: a single shave ice or Sno-Kone® serving only uses about 1/2 lb. of ice, and both retail for about \$2. That's some seriously sweet profits for just a little chunk of ice!

Funnel Cake Fryers

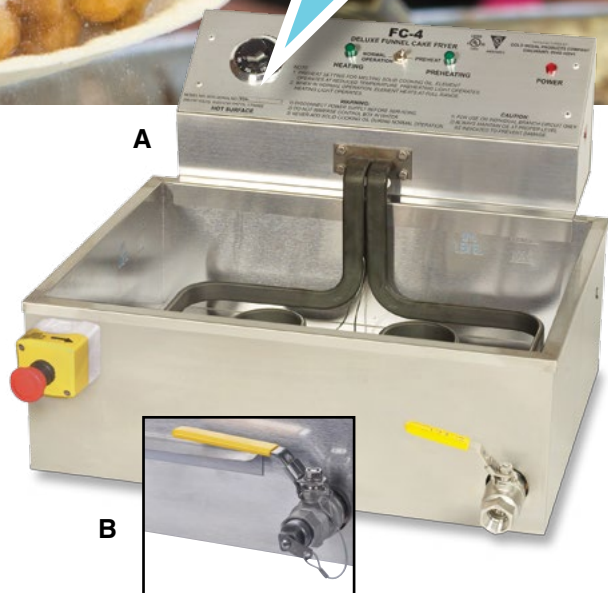

It's the sizzle in your sales, the power in your profits. Turn up the heat!

A Deluxe Funnel Cake Fryer FC-4 #8078

It's funnel cake time with this deluxe high-output fryer! The master of multiples, this ribbon element fryer features more heating contact for quicker recovery and even heating, turning out four 8" or six 6" funnel cakes at a time. With an increased oil capacity of 47 lb., remote power switch and a safe oil-preheat function, this model works at maximum volume with minimal power.

B Safety Plug for Fryers #89440

When it comes to hot oil and fryers, safety needs to be first. Prevent accidental or incremental oil drainage with a dependable safety plug, a standard feature on all electric fryers and an option to add to existing fryers with drains.

See charts beginning on page 119 for sizing and additional details.

C Four-Cake Funnel Gas Fryer

#5094 Gas Fryer

Fire this fryer up and watch it work its magic. Using a highly efficient 45,000 BTU jet burner, this four-cake fryer can handle 21 lb. of cooking oil, making it among the most dependable mid-sized models available. Want increased efficiency? Keep the bottom of the tank clean using a square skimmer. For outdoor use only; works best with an LP gas tank larger than 20 lb.

D Low Boy Cart

#5096 (Fryers Sold Separately)

Don't take your fryer on the road without heavy-duty support! Specifically designed to work hand-in-hand with the #5099NS Six-Cake and #5094 Four-Cake funnel gas fryers, this welded-box extrusion cart can easily take on a 500-lb. load. Built to last, it goes the distance for even the most demanding event. Requires a #67911 Spacer when used with the #5094 Four-Cake Funnel Gas Fryer.

*All items sold separately.

E Funnel Cake Gas Fryer FC-6

#8082 Gas Fryer

Classic function meets high-power output. This 6600-watt deluxe fryer cranks out cake after cake with the same cook surface as standard tubular models, and promises quick heat recovery to ensure it's always at ideal temperature for the next batch. Fill it up with a hefty 58 lb. of cooking oil, and watch the high-efficiency ribbon element go to work. Includes side-mounted remote power switch.

Safely shut it down without reaching over hot oil.

Every Gold Medal electric fryer comes standard with a UL-required Emergency Fryer Shut-off Switch, keeping your safety top of mind and your production constant.

**F Deluxe Hot Shot Fryer
FC-4**

#8090

Take this ace for a spin. It's a super-deluxe 6600-watt fryer that combines the awesome power head of the #8082 FC-6 Gas Fryer with the oversized oil tank of the #8078 Deluxe FC-4 Fryer. Talk about hot shot, it features a full 47-lb. oil capacity, remote power switch, and the same dependable production and rapid recovery that are the hallmarks of ribbon element fryers.

**G Super King Ultimate
Funnel Cake Fryer**

#8088

We call it the king for a reason – this superstar can produce up to six funnel cakes at time so you can utilize a more efficient and continuous cook-and-pour method. More than a deluxe, it's the ultimate in high-production ribbon element models with a 47-lb. oil capacity and a whopping 9000 watts. Compatible with two #5103 Lift-off 8" Funnel Cake Mold Rings used on platforms.

**H Six-Cake Funnel Gas Fryer
#5099NS Gas Fryer**

This titan is in a class by itself, capable of cranking out a full six funnel cakes at one time. With a nonelectric thermostat, it holds 50 lb. of oil to a steady temperature for reduced oil absorption and perfectly cooked cakes. For outdoor use only using an 80 to 100-lb. LP gas tank, it's a stainless steel fryer with an impressive 95,000 BTU jet burner. Includes safety pilot and drain. Requires a minimum 10" clearance on three sides.

**I Hot Shot Hi-Watt Shallow
Fryer**

#8066

Keep on pouring and pouring and pouring. We packed this hot-shot model with some serious extra power, so you can practically pour funnel cakes non-stop. At an impressive 6500 watts, it's a tubular element fryer that's built to work hot and work fast using up to 20 lb. of cooking oil. An efficient shallow fryer, it includes a safety plug, drain valve and fire emergency tray.

**J K-6 Shallow Fryer
#8075**

When it comes to funnel cake fryers, single and shallow are the best assets! This high-capacity shallow fryer can easily hold six funnel cakes at a time, making it a pour-and-cook workhorse for continuous production. At 6500 watts, the K-6 is a single fryer that holds 35 lb. of cooking oil and includes safety plug, drain and a drain board cover for down-time or emergencies.

**K FW-9 Shallow Fryer
#8049D 240-V, 4400 watts
#8051D 120-V, 1800 watts**

Shallow fryers are the long-standing classics when it comes to making great funnel cakes. To ensure yours works at maximum efficiency, know exactly how many cakes it will hold – pouring fast or cramming cakes reduces your oil temp and leads to higher oil absorption, and that affects both your cake quality and oil level. The larger #8049D can handle four to six cakes without cooling down your oil, while the #8051D is a perfect small-volume machine for up to three cakes and 20 lb. of oil.

See charts beginning on page 119 for sizing and additional details.

L

L FW-12 Fryer

#8050D

This is the fryer on which the industry experts rely. Setting the standard for tubular element fryers, the FW-12 is a versatile, dependable and classic machine capable of cooking four 8" funnel cakes, two large elephant ears or 12 French waffles to crispy-crunchy perfection. At 5500 watts, this fryer holds 27 lb. of cooking oil and comes standard with a safety plug and drain.

M

M Spare Tubular Element Power Heads

When it comes to funnel cakes, everything rests on maintaining heat. Make sure you can always keep your tubular element fryer ready to cook with a backup power head, featuring an operating thermostat and high-limit heat control. Installation warranty for Gold Medal fryer usage only.

Corn Dog Fryers

N King 9 Fryers

#8073 Standard King 9
#8073BF Battered King 9

These majestic fryers are the masters of fries, but they flat-out rule when it comes to onion blossoms. With an impressive cooking oil capacity of 47 lb., the **#8073** Standard King 9 uses 5500 watts to reign supreme using an 8" oil depth that's ideal for high-moisture foods. The **#8073BF** Battered King 9 has the same power, but features a tubular heating element that stays 2" above the fry tank bottom, leaving room for excess batter to fall into the cold zone and prolong the life of your cooking oil. Works well with **#8077** Long-Handled Fryer Skimmer Basket for onions and **#8052** Single Large Fry Basket.

O Spare Electric Power Heads

For crunchy, juicy corn dogs, maintaining heat is key. Make sure your corn dog fryer is always ready for operation with a backup electric power head – also perfect for those wanting build up a fry tank and add an additional electric power head.

- #8060 Power Head for #8047D Small Fryer (120-V)
- #8061 Power Head for #8048D Small Fryer (240-V)
- #8074 Power Head for #8073 or #8073BF King 9 Fryers

P Small Fryers

- #8047D Small Fryer (120-V, 1800 watts)
- #8048D Small Fryer (208/240-V, 3000 watts)

There's nothing small-fry about these Small Fryers. Packed with enough punch for corn dogs or other light frying, both of these compact workhorses come with a drain valve and two standard six-position Skewer Clip Assemblies, however the #8047D Small Fryer should only be operated with one. These fryers are also compatible with the #8052 Single Large Fry Basket.

Q King Dog Electric Corn Dog Fryer

- #8068 King Dog Fryer
- #8068FL Foot-Long King Dog Fryer

Now you can choose which King will rule your corn dog cooking! The standard #8068 King Dog is an electric fryer ideal for corn dogs up to 8.5", crisping them to tasty perfection with 35 lb. of oil. But the #8068FL Foot-Long King Dog is the only electric fryer on the market that can successfully handle a foot-long-sized corn dog and 50 lb. of oil. The Foot-Long King also comes standard with two six-position Skewer Clip Assemblies.

See charts beginning on page 124 for sizing and additional details.

R Batter Dip Tank

#8070 Batter Dip Tank

#8070FL Foot-Long Batter Dip Tank

Count on this must-have tank to make easy work of deep-frying corn dogs. Made to sit directly in your fryer, it takes a battered dog from prep to perfect in minutes with minimal mess or setup effort. In the **#8048D** 240-V Small Fryer, the **#8070** Dip Tank can cook up to five standard-sized battered dogs at a time. If using a **#8068** King Dog Fryer, the **#8070** Dip Tank can hold up to six. For double-sized dogs, the **#8070FL** Foot-Long Dip Tank maxes out at four foot-long-sized battered dogs. Shown with the **#8054** Dog on a Stick Frying Kit.

S Universal Gas Fryer

#8065NS

This highly versatile LP gas fryer is tailor-made for big-volume festivals and high-traffic midways. T Saratoga Swirls® Fry Cutter #5280M

You won't find this in your local market – now turn your ho-hum potato into something tremendous. This unique fry cutter has five blades that can cut spiral fries, ribbon fries or hash browns, but its signature slice is for Saratoga Swirls®. Unpeeled Idahos emerge as fun spuds on a stick, ready to deep-fry and season to your taste. Also great for apples!

U Gold Medal Fry Cutter #5280

Up the ante on your straitlaced french fries. Complete with three different blades, this hand-cranked classic cutter brings new life to your potato products and easily turns out ribbon fries, spiral fries or hash browns.

Rule the midway or bring new life to your appetizer menu using this curlicue cutter.

V Deep-Fried Onion Cutter #4190

It's a blossom, it's colossal, it's bloomin' – no matter what you call it, it's a signature seller that's easy to cut and cook. With a quick push, this amazing onion cutter perfectly preps your oversized onion. Add the #4191 Deep-Fried Onion Mix, and watch it open up to crispy, onion goodness when it hits the oil in a #8073 King 9 Fryer. Don't forget the #8077 Long-Handled Fryer Skimmer Basket! Colossal-size onions, colossal-size profits.

K Mini Diggity Combo Grill and Bun Cabinet

#8322 Combo Grill
#8132 Sneeze Guard

This grill and cabinet combo might be mini, but the potential profits are anything but. Perfect for start-ups or an ideal add-on, this single-row roller and unheated bun cabinet can crank out about 24 thawed dogs per hour, working together as your very own hot-dog-making factory – and it's only 13" wide. Also available, **#8322PE** Nonstick Version.

*All items sold separately.

L Lil' Diggity® Combo Grill and Bun Cabinet

#8324

The same great features of our **#8024** Lil' Diggity® – positive-drive traction, stainless rollers, compact footprint – but now with the added convenience of a built-in bun cabinet. Although unheated, the bun cabinet keeps your bread soft and ready from the radiating heat of the rollers, which have a separate temp control for the front and back. Also available, **#8324PE** Nonstick Version and **#8324SL** Slanted Version.

M Hot Diggity® Combo Grill and Bun Cabinet

#8323

The most versatile of the hard-working, flat-surface hot dog roller grills, this combo set takes it up a notch for ease and accessibility with the built-in bun cabinet. This dog duo also features separate motor switches to ensure cooking, holding and cleaning are simple and effortless – so you can focus on selling versus setting up.

Also available:

#8323PE Nonstick Version

#8323SL Slanted Version

#8323SLPE Slanted Nonstick Version

N Slanted Double Diggity Combo Grill and Bun Cabinet

#8423

The true dynamic duo, this double-capacity hot dog grill has been teamed up with a built-in bun cabinet, making increased efficiency and easy sales a guaranteed double play. The bun cabinet is unheated, but benefits from the ambient heat of stacking up to 52 dogs on this grill's 14 stainless duo-temp rollers. Also available, **#8423PE** Nonstick Version.

O Grilla Reciprocating Hot Dog Grill

#8160

Want grill marks without the mess? You got it. Using a nonstick, ribbed cook surface that is easy to clean, this Grilla makes its mark on every dog, loading them with taste and eye-appeal. For the perfect temps, this grill features new settings for holding and dual controls for two-zone heat, as well as a removable tray that collects dripping juices. Wide enough to accommodate 1/4-lb. dogs, it can hold up to 36 regulars. Also available, **#8160F** Flat Cook Surface Version.

P Large Grilla Reciprocating Hot Dog Grill

#8161 Reciprocating Grill

#8168 Sneeze Guard

#8170 Bun Warmer

Think of it as King Kong in Grilla form – this reciprocating nonstick grill features the same new hold temp and dual-control settings, but super-sized for maximum hot dog production and sales. Almost 11" wider than the **#8160** Grilla, pair it with its 300-watt bun warmer for the perfect grill-marking, hot-dog-making machine for any high-capacity location.

*All items sold separately.

All our hot dog roller grills feature EZ-Kleen stainless steel rollers, but are also available in high-temperature, nonstick coated versions.

Q Flat Fence Grill

#8162

With its flat cooking surface, this fence grill carries all the benefits of a **#8160** Grilla in a sleek, compact, easy-to-clean design. This flat nonstick grill features improved temperature settings for quick heat-ups and reliable holding, as well as moveable fence bars to accommodate any and all cooking needs. Also available, **#8167** Sneeze Guard.

S Gas Griddle

#5088

Think of it as a universal tool for any snack bar setup! This do-it-all special steel griddle is housed inside a stainless cabinet and equipped with two 20,000 BTU gas burners. With two controls, each side can be used separately, or turn up the heat on both to utilize the full 24"-wide cooking space. Adequate rear clearance required.

R Tabletop Griddle

#8200

From bratwurst to burgers, this tabletop tool is a must-have for any vendor wanting to offer variety and value! This 1740-watt versatile machine is coated with a nonstick casting, making it ultra-easy to clean and maintain. It also offers maximum control to maintain exactly the right temp, whether frying up veggies and eggs or staying traditional with hot dogs and grilled cheese. Also available, **#8021** Sneeze Guard.

Hot Dog Steamers and Rotisseries

For the best-tasting, juiciest dogs and softest, freshest buns, steam is the only way to go!

New & Improved

A Hot Dog Steamer Cart #8080NS

A staple on the sidewalks of New York and Chicago, now bring that classic look and taste home! This all-in-one steamer and cart is a true merchandiser, drawing in customers with its decorative wheels and genuine steamed-dog taste. Made of durable stainless steel, this tabletop unit features three stay-open lids and clear lid lifters, two condiment compartments, as well as a jaunty umbrella for the front or back. An electric element heats the water, working to warm the two separate hot dog and bun compartments. Additional pans and lids also available.

See charts beginning on page 152 for sizing and additional details.

Signature steam cooking and heavenly hot dog flavor – all yours in one dynamic demon.

B Steamin' Demon® with Dry Element

#8007DE

Here's a Demon that takes long-life even further! This model has the same world-famous steaming basics as the #8007 Steamin' Demon®, but features a heating element that is built to work completely above and out of the water for a longer-lasting life. Plus, the water basin is dishwasher safe for easy cleanup.

C Steamin' Demon®

#8007

This stainless steel brute is built to go the distance when it comes to durability. With no painted parts and full stainless cabinet and lid, it's a convenient steamer that can hold up to 90 regular dogs and 40 buns. With the standard juice tray, you've got an easy-to-clean little devil with a long-lasting heating element.

D Sterno Steamer Cart

#8081

Take your steamer cart anywhere you want, anytime you want. Fueled by versatile, dependable Sterno, this tabletop steamer cart looks almost identical to the #8080NS Hot Dog Steamer Cart, but heats things up using canned heat rather than electric. Made of stainless steel, it features three compartments – two for dogs, one for buns – and includes the umbrella and decorative wheels.

E Super Steamin' Demon® #8012

The biggest devil of them all, this model packs a whopping 50% higher capacity than its little brother the #8007 Steamin' Demon®, but still features a remarkably small footprint. Although perfect for 1/4-lb. dogs, this stainless giant can hold up to 180 regular dogs and 80 buns in separate compartments, and works with adjustable heat control for perfectly steamed hot dogs every time.

F Glass-Front Hot Dog Steamer #8150

A Gold Medal exclusive, this user-friendly steamer is totally compact and easy to clean. Using infinite heat control, it's the ideal model for heating hot dogs to the perfect temp in the shortest time – up to 50 regular-size dogs! It's a 700-watt dynamo that features a convenient separate water pan and cooking chamber. Also available for even faster cooking, #8150S Hot Dog Stand.

G Large Hot Dog Steamer #8151

This big dog has all the same great features as the #8150 Glass-Front Hot Dog Steamer – separate water pan, infinite heat and more – but with a larger capacity and adjustable steam baffles for more effective regulated heat. The entire top section lifts off for easy, complete cleaning. Most importantly, if the water pan runs dry, the heating element won't get damaged. Also available for even faster cooking, #8151S Hot Dog Stand.

H Mini Dogeroo® Hot Dog Rotisserie #8108

This little giant does it all – it's an eye-catching rotisserie, attractive merchandiser and easy-clean machine all within one astonishingly small footprint. The cabinet itself measures a mere 9.5" wide, with only another 4.25" for the motor drive and assembly. Featuring direct drive – no chain or sprockets – you'll never burn up another hot dog. Compatible sneeze guard available, call for details.

I Dogeroo® Hot Dog Rotisserie #8102

Boost your concession sales with this crowd-pleasing rotisserie capable of cranking out up to 56 hot dogs and 40 buns. It also features a warmer positioned over the water pan for keeping dogs and buns hot and fresh using moist heat. Each piece can be lifted off – tempered glass windows, bun warmer, power head – meaning effortless disassembly for easy cleaning. For compatible sneeze guard, call for details. Also available, #8102FC Fixed Cradle Dogeroo® and #8104 Spiked Tooth Rotisserie Dogeroo®.

J Super Dogeroo® #8103

It's a super merchandiser, a super rotisserie and a super-sized sales-maker. With double the capacity of the regular #8102 Dogeroo®, this model does twice the work in a smaller space than most roller grills, and more importantly, attracts double the attention and sales. Packed with a high-watt heating element, it's capable of fast warm-ups and features an integrated bun warmer, stainless steel cabinets and removable glass. Compatible sneeze guard available, call for details.

*All items sold separately.

J Pump-style Hot Fudge Warmer

#2201

Nothing sells more ice cream than tasty hot fudge topping. This pump-style warmer features an oversized water tank for even heating, stainless steel cabinet and illuminated sign. Most importantly, the built-in pump makes easy work of adding just the right amount of velvety warm fudge to any ice cream or sweet treat. Also available for easy dipping of Fudge Puppies, waffles cones and more, #2200 Dipper-style Fudge Warmer and #2200HF Hot Fudge Kit.

Waffle greatness isn't just in the batter, it's in the machinery. While the right batter can help prevent stickiness, a machine with Nonstick Coating delivers perfection – every time. All bakers are available in nonstick by adding "T" to any product code. For even cooking temperature and great results, you can also choose the Electronic Control feature by adding "E" to the code. Both are recommended for superior sweets.

See charts beginning on page 158 for sizing and additional details.

K Giant Waffle Cone Baker with Nonstick Coating and Electronic Control

#5020ET (Shown Above)

Caramel & Candy Apples

A

A High-output Twin Caramel Apple Dip Warmer

#4211C

Double your output in half the time with this 1440-watt warmer! If using ready-made caramel, simply open the can and place on the warmer. With its dual capacity, one batch can be melting while the other is ready for dipping. This high-output model is also perfect for heating fudge, nacho cheese or soups. Also available, #2194 Stainless Steel Insert Bowls.

See charts beginning on page 166 for sizing and additional details.

B Candy Apple Stainless Stove

#4110HD Stainless Stove

#4011 Stainless Steel Kettle

Are copper kettles on your states banned list? Turn to this all-stainless steel setup. At 19", it's 50% larger than any other candy apple kettle and stove on the market, equipped with a 52,000 BTU burner and capable of bringing 15 lb. of ingredients to ready-temp with constant stirring in under 30 minutes. Also available, **#2057** Aluminum Kettle with Handles.

*All items sold separately.

C Hotshot Candy Apple Electric Stove

#4416

With this little hotshot, candy apples go from your countertop to your customers. This 1500-watt electric stove features a special heating element with infinite control, so you can cook quickly while maintaining a consistent and ideal dipping temp. The setup includes the insert pot, plus on/off switch and six-position fine tune.

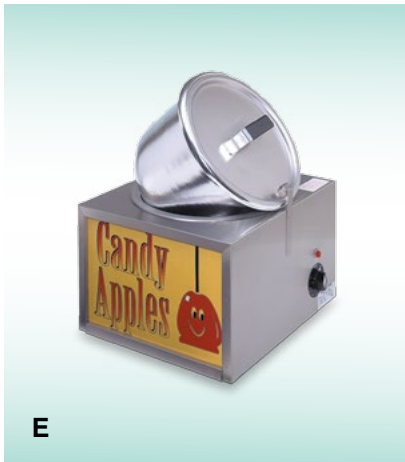

D Reddy Apple Cooker

#4008

From the largest midway to the smallest confectionery, this 1515-watt cooker brings candy apple goodness to virtually any location. Complete with included insert pot, it's a countertop model that makes easy work out of prepping and dipping for candy production.

F Twin Caramel Apple Dip Warmer

#4211

Melting and making caramel has never been easier with this deluxe water-bath warmer. This 640-watt warmer works just like a traditional stove-top double boiler, ensuring that caramel dip or toppings don't burn during prep. In addition, it's ideal for melting fudge or heating soups. Also available, **#2194** Stainless Steel Insert Bowls.

G Candy Apple Gas Stove

#4110BG LP Gas Stove
#4111 16" Copper Kettle
(Sold Separately)

This gas-fired beauty is truly the vintage way to create candy-coated apple treats. Powered by a 35,000 BTU burner and paired with the hand-crafted copper kettle (sold separately), it makes for classic candy cooking (note that some states prohibit cooking in copper). If you need high-speed candy production from this old-fashioned setup, aluminum is the way to go. Also available, 208/230-V electric stoves, **#4009** 16" Aluminum Kettle (sold separately) and **#67216** Steam 'N Clean Lid.

*All items sold separately.

H Quicker Dipper

#4777

Need melted caramel fast? This insert dipper can do the job in 60 minutes, saving up to two hours of heat time compared to only using a water bath heater. Constructed of heavy-duty nonstick coating, the dipper works in tandem with a warmer – simply place a caramel can on a warming unit, then insert this 37.5-watt dipper into the can for fast, even heating.

I Apple Hacker

#4180

For an easy-to-eat option for your caramel-loving customers, "chip" your apples into sections with an apple hacker, then load them up with tasty caramel, nuts and whipped cream. This tool is the best way to quickly cut apples into sections and separate the core – just position and press.

J Deluxe Apple Hacker

#4185

Give your arm a break while speeding up production with this deluxe model. Using double-action leverage, this NSF-listed unit eliminates operator fatigue while quickly and precisely sectioning apples. Constructed of cast aluminum with stainless moving parts, this hacker will cut to the core every time!

Pretzels

A

A Multipurpose Warming Unit #8020

NEW

Take this warmer all the way to the bank. It's the ideal unit for smaller concession areas that want to pack a big punch with multiple items – from jumbo pretzels to hot dogs to french fries and other lip-smacking treats that are best when served piping hot and tasty fresh.

Salty, warm pretzels are a tantalizing treat at any venue – keep them soft to keep them selling.

B Small Humidified Pretzel Warmer and Merchandiser #5551PR

To help you keep an accurate eye on the internal cabinet temp, this 990-watt merchandiser has a cap tub thermometer that works in tandem with the Simplex® Humidity System for the ultimate in hot, pliable pretzels. In addition to a 50-jumbo-pretzel capacity, it also features an 8-hour single water tray, easy-access water fill, interior 40-watt illumination, lift-out glass and rotating racks. Also available, #5551PRD with Double Doors and #5551PRL with Lighted Sign.

C Pretzel & Pizza Warmers

#5550PP Standard Warmer
 #5551PP Small Warmer
 Add some dough to your dough! These warmers are designed to hold and warm two customer favorites – soft jumbo pretzels and zesty, full-size pizzas. Two-in-one never looked so good to your concession stand or your bottom line. Racks sold separately.

Also available:
 #17746 20" Pretzel & Pizza Combo Rack for #5550PP Standard Warmer
 #17694 16" Pretzel & Pizza Combo Rack for the #5551PP Small Warmer

D Humidified Pretzel Warmer and Merchandiser #5550PR

Nothing tops humid heat when it comes to keeping pretzels soft and warm. This 1440-watt setup does double duty as an eye-catching display merchandiser and a hard-working warmer powered by the Simplex® Humidity System. Capable of holding up to 70 jumbo pretzels, it features 9-hour twin water trays, interior 40-watt illumination, lift-out glass and rotating racks. Also available, #5550PRD with Double Doors.

E Sterno Pretzel Merchandiser #6501

On the go, at the race, near the route, next to the venue – wherever you need to go, this Sterno-powered merchandiser lets you take your pretzels on the road! Holding up to 75 jumbo pretzels, this cabinet is the ideal vendor asset to keep your products warm, fragrant and selling.

F Pretzel Oven and Humidified Merchandiser Combo

#5552PR

Cook, hold and sell all in one place. This 1602-watt combo oven, warmer and merchandiser lets you oven-bake your pretzels to their just-right 450° temp, keep them warm in a perfectly humidified compartment, and display them for maximum crowd-pleasing. Holding up to 50 jumbo pretzels, it also features removable glass, 8-hour water trays, oven timer, rotating racks and 40-watt illumination.

H Meister Bake Pretzel Warmer

#5330

A winner on all fronts. Economically priced with a small environmental footprint, this versatile warmer has two separate heat settings – one ideal for pretzels, the other perfect for up to 32 nacho cheese cups. Try it with roasted nuts, our **#2427** Prepackaged Caramel Corn or other deliciously hot foods. Includes Meister Bake Pretzel and nacho decals.

J Pretzel Display Case

#2050

Although not equipped with a warming unit, this non-humidified stainless steel case features a motorized rack designed to draw the hungry eye. Fully enclosed in Lexan windows, it's a 260-watt animated model that attracts fast sales. Note, without heat and humidity, pretzels may dry out quickly.

G Slanted-Front Pretzel Warmer

#5516

Sleek and slanted, this attractive pretzel warmer is ideal for any concession area. Among the lowest-cost models, it's truly an economical winner for sales, holding up to 18 pretzels on the racks with additional room in the bottom. It features a trouble-free thermostat for maintaining perfect pretzel temps, and is built with an easy-access roof door.

I Curved Glass Display Case

#5505

Round out your countertop performance with this sleek case built with a curved glass top and finished with elegant black powder-coat. Equipped with two shelf racks and screw-on back panel, it can hold up to 10 pretzels or other merchandise, and is designed to work with lighted signage on the top. Also available, **#5506** Heated Glass Display Case with Door.

Ingredient Information

Information on allergens and religious documentation.

Food Allergens

Required by law as of January 1, 2006, food producers must list food allergens on all food product package labels.

A food allergen is any edible substance that causes a person to have an allergic reaction or something to which a person would have a strong aversion. According to the Food Allergen Label Consumer Protection Act (FALCPA), governed by the Food and Drug Administration (FDA) of the United States government, there are eight predominant food allergens: milk, egg, soy, fish, wheat, peanuts, tree nuts and crustaceans.

The Food Allergy Initiative (FAI, at www.faiusa.org) states:

There is no cure for a food allergy; only strict avoidance of the allergy-causing food can prevent an allergic reaction. Anaphylaxis is the most severe type of allergic reaction. It is sudden, severe and potentially fatal. It results when the body's immune system reacts to otherwise harmless food proteins. The occurrence of an anaphylactic reaction can vary. It can begin very suddenly within seconds of eating a food, or occur hours after having ingested the food. Anaphylaxis should always be considered a medical emergency, as it may result in brain damage or death.

Anaphylactic symptoms can include:

- Hives
- Swelling of the lips, tongue and throat
- Nausea
- Shortness of breath, wheezing
- Drop in blood pressure
- Loss of consciousness

Food allergen cross-contamination occurs when any allergen is introduced to another or a non-allergen product. To verify if an allergen exists, read the ingredient label or contact your Gold Medal dealer or distributor. When changing products, identify any and all allergens that exist between products. When products' allergens differ, all contact surfaces and equipment must be thoroughly cleaned with soap and water to avoid cross-contamination.

Gluten-free Products

Gluten is a protein in wheat, rye, oats and barley. Common Gold Medal products that do not contain gluten are Sno-Kone® syrups and concentrates, Frusheez® mixes, Flossugar, Flossine®, Mega Pop® popcorn/salt/oil kits, Glaze Pop® mixes, Complete Corn Treat mixes, and Caramel, Basic and Chocolate Corn Treat concentrated mixes. For additional products or information, please contact your Gold Medal dealer or distributor.

Religious Documentation

Many of our products are Kosher and/or Halal-certified. Certificates are available on request, or can be downloaded from our website at www.gmpopcorn.com

Suggestions On Ordering

PRICES & SALES TAXES

Every state charges sales tax. We must charge sales tax on all applicable items and to all organizations in AZ, CA, FL, GA, IA, IL, IN, KY, LA, MI, NC, NY, OH, PA, SD, TN, TX, VT, WA and WV until the appropriate exemption certificate has been properly documented and sent to us. There can be no exceptions – sales tax laws cannot be violated without serious consequences. Any prices in this catalog are F.O.B. Cincinnati. Prices are subject to change without notice.

SPECIFICATIONS

In this catalog, there may be typographical errors, which we reserve the right to correct. Some photos are of prototypes and actual production may vary. Some specifications are changed to improve equipment during the course of the year. Improving design and equipment performance is a continuous way of life here at Gold Medal.

TELEPHONE ORDERS AND OFFICE HOURS

Gold Medal is open 8 a.m. to 5 p.m. EST Monday through Friday year-round, as well as Saturdays during the summer months from 8 a.m. to 12 noon (all branches plus headquarters). Call 1-800-543-0862 or (513) 769-7676 for Cincinnati or the 800 numbers shown on the back cover for branch locations and specific directions.

FAX, EMAIL & WEB PAGE INFO

You can contact us 24 hours a day and leave a message. Our toll-free fax order line is 1-800-542-1496. You can ask questions and either leave your own fax number, telephone number or email address. We will get back at a time convenient to you.

Our email address is info@gmpopcorn.com. Our central telephone switchboard also receives several messages every day. As soon as we open for business on the next business day, these calls are returned. Many Gold Medal team members have their own direct 1-800 numbers as well. We want to stay in touch with you!

TERMS

If you have not already established credit with Gold Medal, we're happy to handle your orders on cash-with-order basis, or we accept MasterCard, Discover and Visa. To establish an open account, send us the name of your bank and three firms that extend you open account. We do not ship C.O.D.

RETURNED GOODS

Requests for returned goods should be made by calling Gold Medal Cincinnati, extension 2340 for a "return authorization" (RA Form). No food products or food packaging may be returned. You can fax in your completed RA Form to 513-733-5678.

INTERNATIONAL SALES

Gold Medal is actively represented in many, many international cities. Of course, we are always interested in establishing relationships in cities where there is no Gold Medal international dealer. Fax us or email us for the name of the international distributor nearest you. Or, if there is none, maybe it is time to establish you as a distributor if you qualify.

Methods of Shipment

The best way of getting your shipment to you at the lowest cost is to specify "Best Way" on your order. Our shipping department will use the best all-around routing. PLEASE ALLOW PLENTY OF TIME – all carriers do not render the speedy service as in the past. We use all popular methods of shipment: Truck Lines, Freight Forwarders, Bus, Parcel Post, United Parcel, Air Freight.

SHIPPING CHARGES

Please call for pricing.

TRUCK LINES

With good service from Cincinnati and, despite increased truck rates, this is best method for 100 lb. or more shipments. We can prepay freight and add it to our bill, but we must add a handling charge for this service.

PRIORITY MAIL, UPS OR FEDEX GROUND

By far, Priority Mail has become the most satisfactory! Small parcels get the best treatment from Priority Mail. It is unwise to send equipment such as Ice Shavers, Poppers or Hot Dog equipment via UPS or FedEx Ground – although we have sent some 6-oz. machines by FedEx Ground and UPS with moderate success.

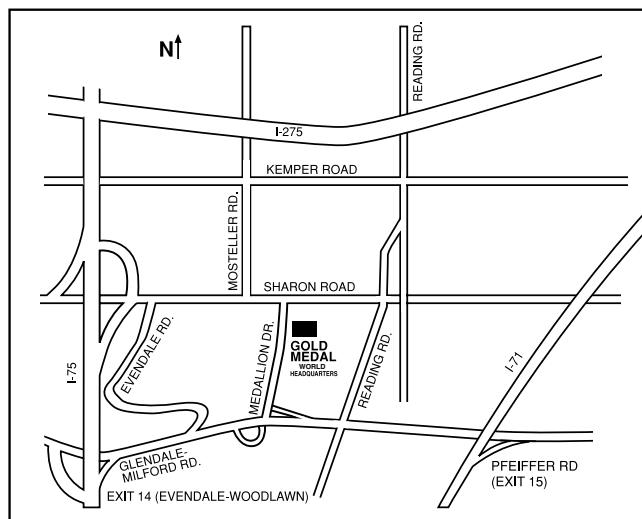

AIR FREIGHT

In a hurry? It's your call – if you pay the freight, you may choose from "same day" such as NEXT DAY, or SECOND DAY SERVICES or even DEFERRED AIR FREIGHTS. When you pay the freight, let us help you "have it your way!"

Directions

Gold Medal occupies over 400,000 square feet – over 10 acres under roof – over 20 loading docks, and we are still growing. We are very easy to find. From I-75, take Exit 15-Sharon Rd. Go east until you come to Medallion Drive – we are halfway between Sharon Road and Glendale-Milford. Come visit. Our "Fastop" is our customer service department here.

Always be sure to visit our annual Factory Super Sale for hands-on demos, and Super Sale Specials.
